

Principal, Senior School
The Bishop Strachan School
Toronto, Ontario

For over 150 years, The Bishop Strachan School (BSS) has inspired girls to be fearless and educated them to be leaders. Founded in 1867, BSS is Canada's oldest independent day and boarding school for girls, with a long-established reputation for academic excellence and a holistic approach to learning. Today, BSS offers a vibrant, powerful learning environment for 900 girls from JK-12, who are encouraged to discover their passions, believe in themselves, laugh often, take risks and approach their lives with commitment, compassion and confidence.

As Principal, you will serve on the Senior Leadership Team of BSS. Reporting to the Deputy Head of School, you will lead a high-performing team of six direct reports responsible for academic administration, curriculum, student life, student services, boarding and operations for a Senior School of close to 500 students. Working collaboratively to implement BSS's strategic directions, you will ensure that the principles of the Culture of Powerful Learning and the Signature of a BSS Girl are promoted across the Senior School. In particular, you will foster learning, teaching, and well-being, informed by leading edge practices and research in education, for girls and young women.

An innovative teacher, accomplished administrator, and inspirational leader, you are passionate and knowledgeable about girls' education, inquiry-based learning, reflective practice and leadership training in a senior school environment. A qualified teacher with a graduate degree, you are curious, creative, and collaborative, and are excited about developments in neuroscience, pedagogy, and leadership. You are a positive, motivating team leader and mentor, who has an excellent rapport with young people. This is an opportunity to bring your exceptional, high-energy leadership to a trailblazer in girls' education – inspiring girls who want to change the world to become women who do.
