

Dana Hall School is seeking a full-time, experienced Upper School science teacher beginning in the fall of 2019. Responsibilities will include teaching 4 sections of science, coaching 2 seasons or the equivalent, serving as an advisor, and participating as needed in the co-curricular life of the school.

The ideal candidate will possess most or all of these qualifications:

- Ability to teach high school science courses, with specific expertise in Chemistry and Biology, up to and including the Advanced Placement level
- A post-secondary degree in science or a related field
- Experience in employing a variety of pedagogical approaches to reach different learning styles
- Interest in using technology thoughtfully and creatively to enhance teaching and learning (Dana Hall School is a 1 to 1 iPad school)
- Commitment to fostering an inclusive learning environment
- Flexibility and collaborative spirit in working with department members and colleagues across disciplines

Dana Hall seeks candidates who will contribute to and are committed to diversity and multicultural educational practices.
